Responsibilities

Board of Directors reviews and approves any changes to our Quality Management System every 12 months.

Managing Director communicates Quality Management Policies and standards to all employees, implements them in our daily operations and reports to the Management.

All employees are responsible for the ownership and undertaking of their Quality Management functions as outlined in each policy, process or procedure.

Management Commitment

The Management supports the continuous development of our Quality Management System and is committed to:

- Establishing unity of purpose and setting strategic direction;
- Empowering employees at various levels to be their best and achieve our quality goals;
- Upholding our corporate values and creating a safe and pleasant working environment.

Improvement

Our Quality Management System and business processes are regularly reviewed and updated to respond to changes in the regulatory landscape, stakeholder requirements or market conditions.

This is achieved through:

- Management support for regular reviews of and updates to our Quality Management System and business processes;
- Regular audits, customer/employee feedback and suggestions for improvement;
- Leveraging latest technology to automate standard processes and reduce human error.

Training

Our employees are the key element of our Quality Management System. They are appropriately trained to meet the highest standards at local and international levels.
